## Two Together Is More Than Words

Two Together's primary purpose is to strengthen children's social, cultural and intellectual growth through improved language and literacy skills in an environment that fosters a lifelong love and enthusiasm for learning.

Beginning in 1997, Two Together has provided free after-school reading, writing and enrichment programs in the South End of Albany for children in 1st through 6th grades. The core of Two Together is an individualized reading enrichment program.

Students receive tutoring from Two Together's trained volunteers at Albany Housing Authority's 200 Green Street location classroom and at the John A. Howe Library, where our Homework Help Program has allowed us to help even more children discover the joy of learning.

**Cooks for Kids:** April 2015 marked the 14th anniversary of Cooks for Kids. Professional chefs prepared and served their favorite recipes to benefit Two Together's after-school programs.

**Family Suppers:** Provide an opportunity for parents, siblings, tutors, staff and board members to have social interaction and allow the children to showcase their work. Parental and family participation continues to increase along with increased interaction with board members and staff.
